##### APPLICANT PRESENTATION:

- Summary of project / process to date
- Applicant has returned with plan which preserves the historic 'L'-shaped Sonoran row house and entire historic portion of building
- New building is set back 6' from south façade of adobe building [to be used as service corridor for restaurant]
- Extreme top portion of new tower overhangs enclosed courtyard portion of restaurant 10'
- Revised proposal incorporates previous comments; we've listened and done what you asked us to do
- The additions from 1968+ will be demolished; 11,000 SF footprint created by original Hayden family will remain

##### COMMISSION COMMENTS / QUESTIONS:

- New proposal shows value of Historic Preservation
- Desire to ensure foundation work doesn't threaten adobe [condition #3 in Staff Report addresses this concern – see below]
- Scott Ellison: shoring will be conducted next to foundation; set monitors will ensure nothing moves; roof will be protected during construction
- Historic Preservation Plan will be submitted for approval which address these concerns
- Staff Recommendations read into record:

Therefore, with respect to proposed alterations to *Tempe Historic Property Register #11 - C.T. Hayden House [Monti's La Casa Vieja]*, the THPO staff recommends approval of the conceptual / PAD stage of the proposed project as presented, subject to the following conditions:

1. Historic signage / interpretive element be added to project at Rio Salado Parkway façade to inform public of historic 'L'-shaped Sonoran row-house [period of significance] as well as the Hayden and Monti family association / significance.
2. Any structured parking immediately to the south or west of and above the historic building to be screened with permanent, designed glazing, scrim or screen [could be a public art component] instead of massive solid wall / undetermined mural.
3. Conduct geotechnical testing prior to structural design to determine subsurface conditions. Based on testing submit an Historic Preservation Plan, structural report, structural details, and indication of methods for protecting existing site features during construction. Tempe Historic Preservation Office approval of the Preservation Plan is a condition precedent to permit issue.
4. Prepare a Phased Archaeological Treatment Plan for areas scheduled for ground disturbing activities. The Treatment Plan will be consistent with the Secretary of the Interior's Standards and Guidelines for Archaeological Documentation [48 FR 44734-37]. Tempe Historic Preservation Office approval of the Treatment Plan is a condition precedent to permit issue.

5. Cantilevered overhangs above not to extend over the historic 'L'-shaped Sonoran row house portion of the structure below.
6. Building elevations, materials and design details, with respect to their compatibility with and sensitivity to the historic resource are subject to HPC approval prior to final design review approval by Development Review Commission.

**PUBLIC COMMENTS:**

- Q: What is the proposed height? A: 300' total in Phase I tower; 325' Phase II
- Comment: Words that come to mind are 'arrogance', 'obscene', 'excessive'
- How can you say by removing part of the building the context is preserved or enhanced?
- The immediate proximity bothers me the most; it is too close to the historic building
- People should be pleased – it is great, it could have been awful, but it is great

**COMMISSION COMMENTS:**

- We've reviewed Secretary of Interior's Standards in past meetings; this proposal meets these standards with the exception of ~~'context'~~ *Setting*.
- 'Mill Crossing' area is gateway to Downtown Tempe – the bridge, Hayden Flour Mill, W.P.A. ball fields / wall and Monti's all go together to produce a gateway which is the historic context
- Applicant has been incredibly accommodating and brought forward a project that is sustainable for future generations
- Chair personally thanked Commissioner for forcing a revisit to the drawing board, which ultimately produced a better design solution

*MOTION MADE TO APPROVE PROPOSED MODIFICATIONS TO THPR #11 SUBJECT TO STAFF RECOMMENDATIONS [MD]; MOTION SECOND [SS]; PASSED 7:0, WITH TWO ALTERNATES ALSO IN FAVOR.*

**5. Discuss + Establish Assignments for Commission Council Liaisons**

- Discussion and consensus reached for individual assignments
- Master list with contact info will be drafted for next meeting
- Request for HPO staff to draft list of talking points for consistent communication

**6. Discuss & Consider Chair / Staff Updates:**

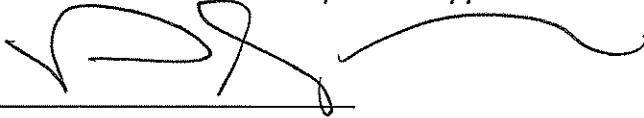

- **Follow up on Parks + Rec. Board Meeting for Hayden Butte Staff Report** – review of draft Staff Report by HPO, minor changes before submitting to Parks staff
- **CDBG process outlined for Design Guidelines for Borden Homes HD, Tomlinson Estates HD, and Roosevelt Addition HD** – direction from Community Development Director to utilize CDBG funding for design guidelines for each of the three HD's, and continue with SHPO Federal pass-thru grant for Roosevelt Addition National Register nomination; SHPO confirms CDBG funds can be used for a city match portion
- **Federal [SHPO pass-through] grant status for Roosevelt Addition National Register Nomination** – to be updated in December
